Alyssa has been influential in not just the glamour world, but the fitness industry as well, and spends time learning about health and wellness, so she can teach others, and help them develop a more positive sense of self.

She's honest about her struggles, and how she overcame them, and is okay with making them public, just to help others who are experiencing things, that she has once experienced herself. She provides inspiration to those who follow her journey online, especially women.

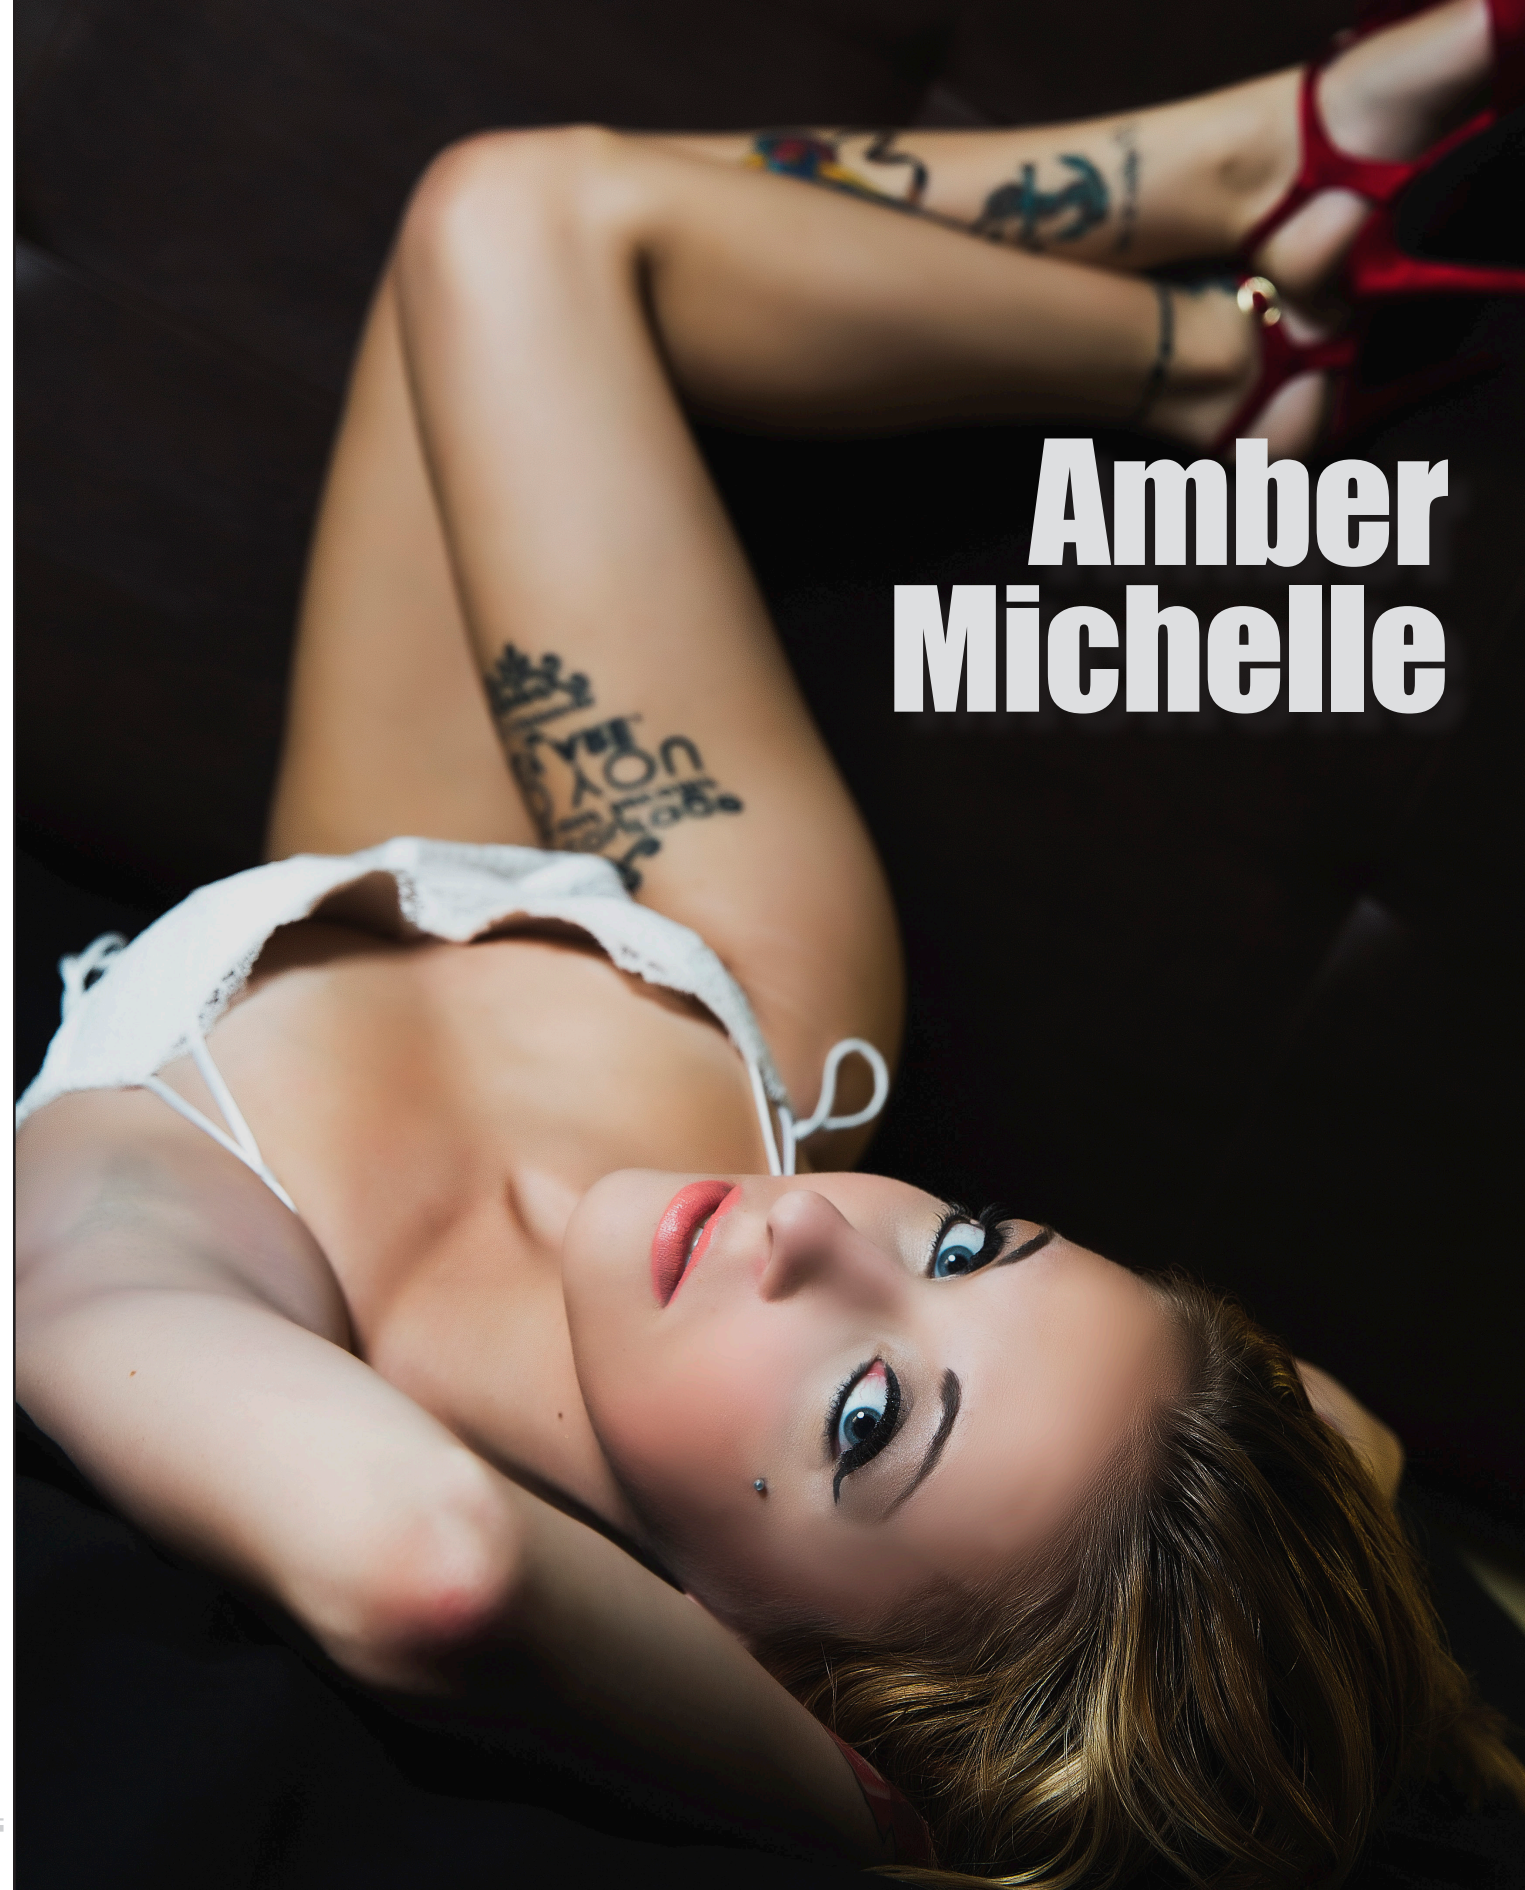

She loves traveling, and participating in things such as wrestling and bodybuilding. Modeling gives her a chance to express herself by style, physique and her views on body positivity. Being different is beautiful. You don't need to meet societies standards to be beautiful.

Alyssa would like to one day become a sponsored athlete, and strives to keep influencing her views and knowledge with the community.

Hello I am Jenica, but I like to go by Jenny. I first got into modeling about two years ago when I first won a trophy for one of my tattoos. Ever since then I have been motivated and dedicated to being a tattoo collector and winning trophies all over the country. I have some great artist, Justin Reiley, who owns No Mans Land, witch is a local shop to me. Chase Nolan, and Jon Nelson who are located in florida and

own their own shops. Sean Addy who owns another local shop by me. Flipshades who switches from PA and CO. And lots of other great artist I have met along my journey throughout the country. Lots of my goals and achievements are mostly when I am at any villain arts shows, meeting new people and competing in competitions, I love the environment and it makes me happy seeing all these great artists

work hard throughout that weekend, and getting to go to different places and see new things. I've had a lot of challenges throughout my time as a collector with being sick constantly with health issues and working a full-time job it gets kind of rough but I never gave up. Every day is a new day and I'm always excited for the journey ahead of me.

My name is Abby Elizabeth Miller. I'm 25 years old, I was born and raised in Kentucky. I have an associates degree in nursing. I grew up in the country, and I absolutely love the outdoors. Bowfishing and dirt car racing are my two favorite things in the world. January 2020 I met my best friends in the world, together we make the Frisky Fairies! I never thought the modeling world would want a ole country girl like me, but here I am! I have a private blogging platform, that is still

under development, and until all the features are put into it, is only used by me. It gives users the ability to have a blog and people to have the option to watch the public or private side of it. The name of the application, is Frisky Business.

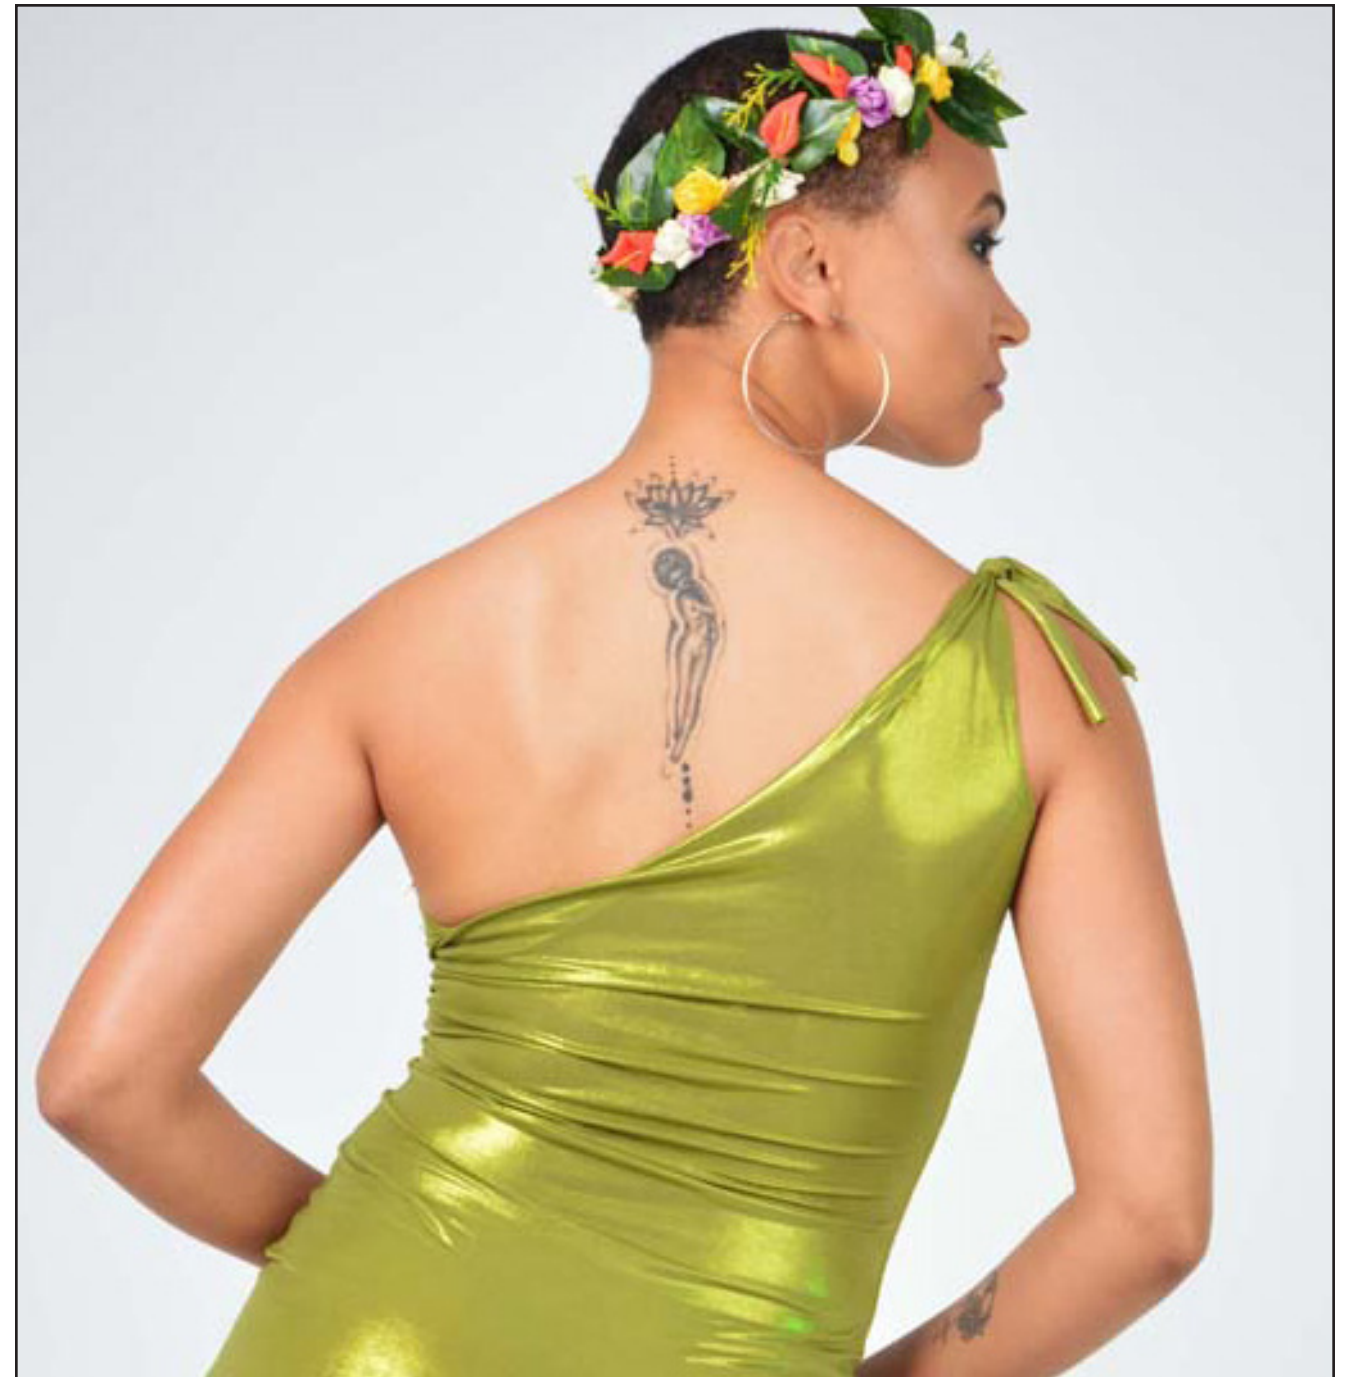

I appreciate all of my fans! Y'all make my world so much brighter with your kind and encouraging words! Much Love!!

I am a freelancer, registered at Gemini Model and Talent Agency. I know what I want and goes for anything, no matter the challenge, whether it's successful or not. I have been in a musical, Fiddler on the Roof, also, played a lead role in Concetro 'la Danza. I have been awarded a Distinction for

the Performing Arts BTEC course I studied at Northlink College.

Struggling with accepting myself has been very challenging regarding my appearance and mental health, it's still a working progress, but it gets better everyday. Learning to love myself before I can love others

plays a huge role in my life.

I ran through job applications and interviews like it's no one's business. Finally Frieda van der Walt, my agent, saw the potential in me and what I am capable of doing, that pushes me through towards believing in my talents.
